Ambassador Services Volunteer
Volunteers create a warm and welcoming atmosphere for patients, families and visitors by greeting individuals and directing or escorting them to various locations. Ambassadors also provide maps and general information about Mercy and the greater Des Moines metro area.

Qualifications: Volunteers are competent, mature, supportive individuals who can manage details in a busy and sometimes stressful environment. They possess strong people and communication skills and are able to work with families in a non-judgmental, empathetic manner in complex patient care settings. As the “face” of Mercy, an ambassador is expected to demonstrate a positive, caring attitude and pleasant, professional manner at all times when interacting with patients, families and visitors.

Registration Desk Volunteer
Volunteers exhibit a welcoming, helpful and caring presence for patients and families registering for, and during, procedures such as surgery, medical imaging and cardiac testing.

Qualifications: Volunteers have good communication and interpersonal skills and are self-confident and outgoing. They are willing to engage persons in conversation and have an easy-going attitude. They are organized and enjoy a variety of tasks, including clerical projects.

Administration Office Support Volunteer
Volunteers exhibit a welcoming, helpful and caring presence for persons interacting and needing assistance with the administrative offices.

Qualifications: Volunteers have good communication and interpersonal skills and are self-confident and outgoing. They are able to engage persons effectively, are organized and enjoy a variety of tasks, including clerical projects.

Patient and Unit Support Volunteer
Volunteers provide a warm and welcoming atmosphere by interacting with patients at the bedside; acting as a liaison between staff, visitors and families; and working with staff nurses to provide non-clinical information, comfort and support to patients and families. Volunteers are assigned to a specific patient care area (e.g., pediatrics, oncology) and receive additional training/orientation in that particular area.

Qualifications: Volunteers possess strong communication and interpersonal skills and are mature and reliable. They are willing to engage patients in conversation and demonstrate a positive, caring attitude and pleasant manner when interacting with patients and families. They are able to approach staff with questions and have a clear understanding of patient confidentiality.
